

APACHE POI - MOCK TEST

This section presents you various set of Mock Tests related to **Apache POI**. You can download these sample mock tests at your local machine and solve offline at your convenience. Every mock test is supplied with a mock test key to let you verify the final score and grade yourself.

APACHE POI MOCK TEST I

Q 1 - Which of the following is correct about HSSF component of Apache POI?

- A - It is used to read and write xls format of MS-Excel files.
- B - It is used for xlsx file format of MS-Excel.
- C - It is used to extract property sets of the MS-Office files.
- D - It is used to read and write doc extension files of MS-Word.

Q 2 - Which of the following is correct about XSSF component of Apache POI?

- A - It is used to read and write xls format of MS-Excel files.
- B - It is used for xlsx file format of MS-Excel.
- C - It is used to extract property sets of the MS-Office files.
- D - It is used to read and write doc extension files of MS-Word.

Q 3 - Which of the following is correct about HPSF component of Apache POI?

- A - It is used to read and write xls format of MS-Excel files.
- B - It is used for xlsx file format of MS-Excel.
- C - It is used to extract property sets of the MS-Office files.
- D - It is used to read and write doc extension files of MS-Word.

Q 4 - Which of the following is correct about HWPf component of Apache POI?

- A - It is used to read and write xls format of MS-Excel files.
- B - It is used for xlsx file format of MS-Excel.
- C - It is used to extract property sets of the MS-Office files.
- D - It is used to read and write doc extension files of MS-Word.

Q 5 - Which of the following is correct about XWPF component of Apache POI?

- A - It is used to read and write docx extension files of MS-Word.
- B - It is used for read, create, and edit PowerPoint presentations.
- C - It contains classes and methods for MS-Visio binary files.
- D - It is used to read and write MS-Publisher files.

Q 6 - Which of the following is correct about HSLF component of Apache POI?

- A - It is used to read and write docx extension files of MS-Word.
- B - It is used for read, create, and edit PowerPoint presentations.
- C - It contains classes and methods for MS-Visio binary files.
- D - It is used to read and write MS-Publisher files.

Q 7 - Which of the following is correct about HDGF component of Apache POI?

- A - It is used to read and write docx extension files of MS-Word.
- B - It is used for read, create, and edit PowerPoint presentations.
- C - It contains classes and methods for MS-Visio binary files.
- D - It is used to read and write MS-Publisher files.

Q 8 - Which of the following is correct about HDGF component of Apache POI?

- A - It is used to read and write docx extension files of MS-Word.
- B - It is used for read, create, and edit PowerPoint presentations.
- C - It contains classes and methods for MS-Visio binary files.
- D - It is used to read and write MS-Publisher files.

Q 9 - Which of the following is correct about HSSFWorksheet class in Apache POI?

- A - It is a high-level class under the org.apache.poi.hssf.usermodel package.
- B - It implements the Workbook interface.
- C - It is used for Excel files in .xls format.
- D - All of the above.

Q 10 - Which of the following is correct about XSSFWorkbook class in Apache POI?

- A - It is a class that is used to represent both high and low level Excel file formats.
- B - It belongs to the org.apache.xssf.usermodel package.
- C - It implements the Workbook interface.
- D - All of the above.

Q 11 - Which of the following is correct about HSSFSheet class in Apache POI?

- A - This is a class under the org.apache.poi.hssf.usermodel package.
- B - It can create excel spreadsheets.
- C - It allows to format the sheet style and sheet data.
- D - All of the above.

Q 12 - Which of the following is correct about XSSFSheet class in Apache POI?

- A - This is a class which represents high level representation of excel spreadsheet.
- B - It is under org.apache.poi.hssf.usermodel package.
- C - Both of the above.
- D - None of the above.
