Solutions

1. Area between rectangles = 212 square m

2. Area between rectangles = 210 square m

3. Area between rectangles = 250 square m

4. Area between rectangles = 250 square m

5. Area between rectangles = 346 square m

6. Area between rectangles = 400 square m

7. Area between rectangles = 56 square m

8. Area between rectangles = 390 square m

9. Area between rectangles = 220 square m

10. Area between rectangles = 106 square m
